# ELVIS HAS ENTERED THE BUILDING!

Sound Leisure Ltd, in collaboration with Richard Singh and Elvis Presley Enterprises proudly present two officially licensed, limited-edition Elvis Presley jukeboxes. These exclusive designs honour the enduring legacy of the King of Rock 'n' Roll, celebrating two of music's most iconic events, "The 68 Comeback Special" and "Aloha from Hawaii" TV Special.

Available in three formats: CD, Vinyl LP, and Vinyl 45, only 250 of each model will be manufactured. Each jukebox features a unique limited-edition plaque and certificate of authenticity.

## ALOHA FROM HAWAII

The 'Aloha From Hawaii' Rocket jukebox celebrates the 1973 broadcast, live via satellite, of this historic concert from the Honolulu International Centre to an audience of over a billion viewers. The event showcased Elvis at his peak, performing in his iconic white jumpsuit adorned with the rhinestone American eagle - a motif that is central to the jukebox's design. This jukebox captures the essence of that legendary show, featuring vibrant tropical Hawaiian floral motifs and interior artwork that evoke the atmosphere of the islands. The jukebox is further embellished with solid metal castings finished in brushed gold laquer and features an iconic image of the King from the live performance.

## THE '68 COMEBACK SPECIAL

The '68 Comeback Special' Rocket Jukebox pays tribute to the electrifying television event that marked Elvis's triumphant return after seven years away from live performances, cementing his status as the undisputed King of Rock 'n' Roll. This elegant jukebox captures the raw, magnetic energy and appeal of Elvis throughout the unforgettable show, blending rugged sophistication with refined detailing. The exterior cabinet is wrapped in vintage style leatherette, mirroring the sleek outfit worn by Elvis during the concert. Solid metal castings finished in brushed gold laquer add a luxurious touch. The iconic "ELVIS" logo, which featured prominently in the 'stand up show,' is punched into the jukebox cowling and backlit in vivid red, creating a dramatic effect. Inside, the jukebox features a backdrop of red and black Elvis silhouettes, along with an iconic image of the King from the live performance.
